

Placing holds without a video tutorial.

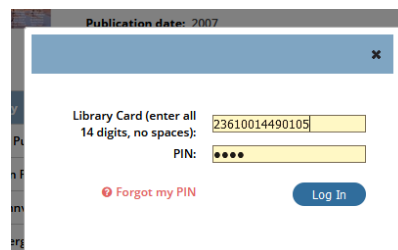

Go to our catalog website: <https://catalog.ccrls.org>

Use the figure below to follow along for how to search for McMinnville materials.

Verify that the item that you want is available by checking that McMinnville Public Library is listed and that the status does not say "on hold for someone" or a due date (see below left).

When you find items you want, click Place Hold (see below)

A box will pop up (above image)

Enter your 14-digit library card number & PIN.

Your PIN is often the last 4 digits of your phone number. It may include the lowercase letter of your first name placed in front.

Call (503) 435-5561 if you need help.
